IN THE SERVICE OF THEIR COUNTRY.

Dr. Avonia E. Kiser, son of Mr. and Mrs. John Kiser, of this city, who graduated some months ago from the Cincinnati College of Medicine, has received a commission as First Lieutenant in the U. S. Medical Corps. He is now stationed at Ft. Thomas.

Mr. Noah G. Clark, son of the late Mr. Newton Clark, of this city, who volunteered in the United States Navy, and who has been at the Great Lakes Naval Training Station for some time, has been transferred to the Philadelphia Navy Yard.

Mr. Charles Chappell, son of Mrs. Wallace F. Chappell, of South Main street, who recently enlisted in the navy service, has been sent to the Great Lakes Training Station, entering the service as a second-class seaman.

The Glorious Fourth was given a grand military setting and observance at Camp Zachary Taylor yesterday. The Bourbon county boys had a conspicuous part in the proceedings, taking part in the big parade, and otherwise making their presence felt.

Miss Margaretta Smith, of Richmond, a member of the nursing staff of the Dr. Barrow Base Hospital Unit No. 40, is very ill in a New York hospital with diphtheria. Miss Smith was taken ill shortly after the Unit arrived in camp at Camp Mills, New York. Physicians are hopeful of bringing her out in a short time.

Among the recent enlistments in the navy service at the Lexington recruiting station was that of Mr. Harvey Johnson, of near Little Rock. Mr. Johnson has passed a successful examination at Louisville, and will be sent to the Great Lakes Training Station. Mr. Julian D. King, of Paris, enlisted at the same time.

Mr. Grover Butler, of this city, has secured permission from the Bourbon County Draft Board to apply for admission to the navy. Butler had been in Class 4 of the local draft classification, but after the death of his wife, who was burned to death some months ago, he was transferred to Class 1.

Corporal Delbert Casey, of Camp Shelby, Hattiesburg, Miss., returned to the camp Tuesday afternoon with Arthur Carney, alleged deserter, in charge. Carney was arrested here by Sheriff McClintock and Marshall. He had been at work on a farm near Jacktown, and the fact that he had thrown a khaki army uniform in the creek led to his exposure and arrest. This is said to have been his second offense.

Mr. Henry Tucker, of Cincinnati, formerly of Paris, was a member of the draft recently sent from that city to Camp Sherman, near Chillicothe. O. Mr. Tucker, who is a son of the late Mr. Robert Tucker, of Paris, has been in the employ of the Western Union Telegraph Co. as an expert operator at Cincinnati for many years. He is a member of Co. 9, 3d Training Battalion, 158th Depot Brigade at Camp Sherman.

Mr. Frank Daugherty has returned to his home in Philadelphia after a visit to his mother, Mrs. C. A. Daugherty, on Mt. Airy avenue. Mr. Daugherty's firm in Philadelphia is now engaged in war work, having recently been awarded a contract for the construction of a large number of concrete ships for the U. S. Government. Mr. Daugherty has charge of one of the most important departments of the business on this contract.

Harold Shropshire has returned to Camp Zachary Taylor after a furlough visit to friends and relatives in the county. At his old home near Jacktown, he was here as a witness in the Harp murder case, which was called in the Bourbon Circuit Court, and continued to November. Shropshire asked for preferred service and was given a place in the artillery camp at West Point, Ky., where he will train with the heavy guns.

Private Earl Adams Clark, editor of the Trench and Camp, the weekly newspaper published by the Courier-Journal for the camp Y. M. C. A., has been transferred from the Depot Brigade to the 84th (Lincoln) Division by the War Department order. At present he is at his home, Fountain City, Ind., on a furlough. He may edit a newspaper for the division in France. Private Clark was a recent caller at THE NEWS office, while en route home on his furlough.

A number of communications from Camp Taylor have been received by Postmaster J. Walter Payne, advising him of furloughs that have been granted to many of the Bourbon county draftees in the Camp. According to the military authorities at the Camp these furloughs were granted for the purpose of allowing the men to come home and assist in the work of harvesting and cultivating crops, and for no other purpose. Mr. Payne was requested to keep a lookout for these men and to report them whenever he finds that any of them

GLORIOUS FOURTH PASSES OFF "QUIETLY" IN PARIS.

Except for the unfurling of American flags at a few places about the city, a general "Sunday air" of peace and restfulness and the further fact that the calendars indicated it by the red figure four in red letters, it would not have been generally known here yesterday that the great day we celebrate was on. There was nothing of a public or even private nature to indicate that it was the celebration of the great natal day of the American Republic.

Business houses were nearly all closed in the afternoon, while the clerks and proprietors and their families sought the cooling shades at their homes, or went automobiling. Not a fire cracker or a bomb disturbed the serenity of the day. It was but a counterpart of many dull days in Paris. The sun shone brightly, the birds sang merrily as on any other bright day, but as for the Fourth of July, there was something lacking. We only knew it by its place on the calendar.

are not really or urgently needed for work in the fields.

Out of a large number of applicants in various branches of the service at the Lexington recruiting station yesterday two, Leslie R. King and Wm. E. Gumm, both of the Hutchison precinct, this county, were accepted for the flying corps of the

Mrs. J. T. Brown, of this city, received a letter Wednesday from her son, Mr. Thos. Prichard, who is a member of the Dr. Barrow Base Hospital Unit No. 40, now in camp at Camp Mills, New York, that the Unit was getting ready to go over the seas, and that he would probably be on his way to France before he would have another opportunity to write again.

Mr. Lee McGowan, editor of the Evening Inquirer, and well-known here, left this week for Wisconsin to enter active training for Y. M. C. A. army work. On completing the required course, Mr. McGowan will go to France as a Y. M. C. A. secretary behind the lines. He was Representative from Fleming county in the last session of the Kentucky Legislature.

Lieutenant Edith Smith, whose picture appeared in the daily papers recently as the first woman to receive a bonafide commission in the United States army, is a Cynthia girl, where she was born and reared. Her father was the late Professor Frank N. Smith, a well-known educator and professor of Smith's classical school, of Cynthia. Both Lieut. Smith and her father are well-known to Paris people, she having frequently visited friends and relatives here.

Dr. H. M. Hamilton, County Livestock Inspector of Bourbon, left Wednesday for Camp Greenleaf, at Ft. Oglethorpe, Ga., where he will be assigned to service in the Veterinary Corps of the U. S. army. On Monday night Dr. Hamilton was the guest of honor at a farewell supper given at Croisdale's Cafe by a number of friends. Judge George Batterson acted as toastmaster. Brief talks were made. Dr. Hamilton was presented with a gold wrist watch, the presentation speech being made by Judge Batterson.

Robert Collins, who is a patient at the Massie Memorial Hospital in this city, where he had a portion of his left foot amputated, following the accidental discharge of a shotgun, has sent word through his physician, to the Bourbon County Board of Exemption, that as soon as he is discharged from that institution, he is willing and ready to enter the service of his country. Young Collins was on the list of Bourbon county draftees at the time the accident which sent him to the Hospital, happened.

Thirty-three students of the University of Kentucky who for the past month have been in attendance at the Reserve Officers' Training Camp at Ft. Sheridan, Ill., are expected to leave in a few days for their homes, as the course offered them was completed Wednesday. Of the number two are from Paris, J. Stuart Wallingford, Jr., and C. Landen Templin. No pay was given the students while they were in attendance at the camp, but the Government gave them their transportation and paid their actual expenses while in attendance. The encampment and the training they have received is a part of the regular training required of the University as a reserve officers' training school.

The Carlisle Mercury says of a bright young Bourbon county enlistee, Corporal Teddy Shannon, of this city:

"Teddy Shannon, formerly of this city and county, but who for the past several months has been in the service of the United States, is now stationed at Omaha, Nebraska, being a member of a Balloon Squadron. Teddy was in Carlisle several days the past week and paid the Mercury office a visit. He states that he has been up in a balloon twice rising to a height of 2,000 feet. He is a ground man, he states, but wanted to get the sensation of rising into the clouds. Being granted a thirty days' furlough he is assisting his father in farming in Bourbon county and will return to camp toward the latter part of July."

EPWORTH LEAGUE ANNUAL BANQUET AND SOCIAL SESSION

The annual banquet and social session of the Paris Epworth League was held at the Methodist church Wednesday and a large number of members and visitors were present to enjoy the occasion.

Misses Ina Mattox and Elizabeth Wheeler, delegates to the recent annual Epworth League Conference which was held at Harrodsburg, gave excellent reports of the assembly, which proved very interesting.

The Conference Missionary, Miss Fannie O'Brien, of Cynthia, and a very interesting account of the work being accomplished in our mountain section among the miners. Miss O'Brien is conducting a Kindergarten School and had in enrollment last year 92 pupils, four nationalities being represented. This work was made possible by the Kentucky Epworth Leagues who appropriate a large sum each year for its benefit.

Miss Sara Power, Frankfort District Secretary of the Conference League, made an excellent talk, taking for her subject, "Our District and Its Goal."

The program, which consisted of many recitations and musical numbers in addition to the above addresses, was closed by a short talk by the State President, Mr. Dennis Snapp, who, by special request, had the beautiful Conference Service Flag unfurled and repeated his tribute which he paid to the soldiers at the annual assembly.

Following the program the Leaguers repaired to the large dining room of the church, where the banquet was held, and pledges were received for the year's work of the local Chapter.

The complete program as was carried out follows:

WELL! WELL! HOW LIKE THE ROMANTIC DAYS!

Are we harkening back to the days of old, when knights were bold and jousting in the tournaments for the love of some damsel? It would seem there has been a return to the romantic days of old, judging from an event that is said to have happened near this city a few days ago.

According to the reports of the affair, it seems that two well-known young men of this city, whose names are withheld from publication for reasons that are at once obvious, neither of whom has reached the legal age, have been for some time enamored of a handsome young Paris girl, the daughter of one of the prominent business men of the city. The lady fair could not make up her mind as to which of the two she should bestow her heart and affections upon, with the result that there soon sprung up a more intense rivalry between the young men, that has for some time threatened to develop into hostilities.

One morning not long ago after a discussion of the situation, and with the conclusion that neither one seemed to be making much progress it was decided between them that they would settle the matter by a resort to the field of honor in a duel. They obtained an automobile, and accompanied by friends whom they had selected to act as seconds, and a supply of first-aid-to-the-injured material, they sought a secluded spot in the country. In the action that followed one of the young men received a stab wound in the back, his opponent interfering and declaring the affair should come to a close. The injured youth was brought to Paris for medical assistance, when it was found that his wound was but a slight one.

The status of the two young men in the affections of the young woman remains as at first, with the probability that it will remain so after the affair that brought no settlement.

READ THIS, IF YOU ARE OWNER OF A DOG.

The recent session of the Kentucky Legislature enacted into law an act relating to dogs, requiring them to be listed with the Assessor at the time of assessing property as required by law, providing for license and tags for each and every dog to be issued by the County Clerks of the various counties in Kentucky, and for any other violation of the act, a penalty of not exceeding \$100 or imprisonment of not exceeding three months, or both, at the discretion of the court, is prescribed.

"The word, 'owner,' when applied to the proprietorship of a dog, shall include every person having a right of property in such dog, and every person who keeps or harbors such dog or has it in his care, and every person who permits such dog to remain on or about any premises occupied by him."

THIRTY-FOUR WHITE DRAFTEES FOR FORT THOMAS, JULY 15.

Again the call for the youth of the land to rally to the support of the flag has been given out, and this time there will leave Paris on the afternoon of July 15, thirty-four white men, well-known young men of this city and county. Telegraphic orders were received Monday from the Adjutant-General's office at Frankfort by the local Board of Exemption, instructing them to notify the draftees of their call to service.

The boys will report at the office of the Board in the court house on July 15, where they will receive their final instructions and the same procedure gone through with that have taken place with other contingents sent from this county. They will entrain at the Louisville & Nashville passenger station at 2:20 in the afternoon of that day, and will leave in a special car for Ft. Thomas, where they will be taken into the service of the United States.

From the fact that there are now only sixteen selects remaining in this county in Class 1, the Bourbon County Board was compelled to reclassify from other classes in order to make up the required number of selects called for. Under this reclassification Bourbon county young men who have married since May 18, 1917, are largely affected.

Acting under official orders from the War Department the Board has reclassified fifty-six young men, who had previously been placed in Classes Three and Four. Under this reclassification twenty-nine selects were taken out of Class Three and placed in Class One; nineteen from Class Four were placed in Class One; seven were taken out of Class Four and placed in Class Two and one was taken from Class Four and assigned to Class Three.

RETURNS FROM OIL FIELDS

Mr. Wyatt Thompson, of Paris, returned Wednesday from a business trip to the oil fields in Lee county, where he inspected the properties of the Columbia Oil Company, of Louisville, which has large lease holdings in that county.

The company now has two wells almost completed. One of them at the time Mr. Thompson left, was down over nine hundred feet, going through the oil-bearing sands, which gave rich indications of a promising yield. Mr. Thompson brought with him a quantity of the sands which he is showing to his friends.

BANK STATEMENTS

In the last issue of THE NEWS appeared the statement of the Peoples Deposit Bank Co., which showed that institution to be in a thriving condition. In this issue appears the statement of the Bourbon-Agricultural Bank & Trust Co., which also presents a solid front.

All the banks in the county received a notice Monday from the State Banking Commissioner to prepare and have published a statement of their financial condition as of June 29th.

The banks of the county are all in good condition, and with the prospects for large crops this summer and fall there will be an inflow of money that will tax their capacity to carry. The banks have become custodians for many customers who are paying on Liberty Loan bonds, and in this way are helping the financial interests of the city, county and State.

Under the guidance of men experienced in the intricacies of finances, men of the strictest integrity, the financial institutions of Bourbon county are on a sound business basis, and no wave of trouble rolls across the peaceful breast of the depositor, the stockholder, the director or the officials as they lie wrapped in slumber night after night. No nightmares disturb them, for with these men at the helm, security is a certainty.

BOURBON COUNTY "PARENTS" ADOPT FRENCH WAR ORPHANS

THE NEWS in Tuesday's issue, published a complete list of Paris and Bourbon county people who had each agreed to adopt a French orphan. Since then a number of additional names have been added to the list. In the published list of Tuesday the name of "Mrs. William Myall" should have been "Mrs. Wm. P. Wornall."

The additional list follows:

Mrs. Rebecca Freeman Sims.
Robert C. Talbott.
Mrs. O. L. Davis.
Woodford Spears.
W. H. McMillan.
Henry S. Caywood.
Wm. M. Taylor.
Stanhope Wiedemann.
Mrs. A. R. Blount (3).
Mrs. E. F. Clay.
Miss Margaret Ferguson.
Hugh Ferguson.

EVERYBODY HAD GOOD TIME.

There was fun and amusement, besides the refreshments, on the lawn at the home of Mrs. Russell Mann, Wednesday night, when the members of the Hamilton Guards gave a lawn fete, the proceeds of which are to go toward the support of one of the French war orphans. Ice cream, cakes and other refreshments were served. The large lawn presented a beautiful appearance in its Oriental decorations. On the lawn tables had been set, at which the guests of the evening gathered and partook of the pleasures of the entertainment. An orchestra provided music for the occasion. The entertainment netted a sum somewhat in excess of the required \$36.50.

BREAD MAKING DEMONSTRATIONS.

Mrs. Martha M. Golsan, County Home Demonstration Agent, will give a demonstration in bread making without wheat flour, at the school house in Shawhan, at 2:30 o'clock this (Friday) afternoon.

No. 3 and 2 tin cans for use in canning may be had by securing an order from Mrs. Golsan at the residence of Mrs. R. M. Harris, 406 Pleasant street.

COUNTY ROAD ENGINEERS MEET IN FRANKFORT JULY 8.

There will be a meeting held in Frankfort on Monday, July 8, of the County Road Engineers of the State, with the State Department of Roads. The matter which will receive the most attention will be how best to execute patch work upon roads. The different methods will be discussed and that found by experience to be the most feasible will be recommended for general use. Owing to the increased cost of labor and machinery engineers have found it difficult to get results of value without united effort. In addition to this one vexing question all matters of interest to the profession will be considered. The Franklin County Engineer and the State Roads Department will have machinery at work upon the Lawrenceburg pike for the purpose of demonstrating the various methods now in use or others which may be suggested.
